UNITED STATES DEPARTMENT OF AGRICULTURE

OFFICE OF THE SECRETARY

Amendment No. 4 to Circular No. 70, Revised

By virtue of the authority vested in the Secretary of Agriculture by the United States grain standards Act of August 11, 1916 (39 United States Statutes at large, p. 482), I, Henry C. Wallace, Secretary of Agriculture, do make, prescribe, publish, and give public notice of the following amendment to the regulations of the Secretary of Agriculture, dated July 30, 1920, as revised, under said Act, said amendment to be effective immediately.

In Regulation 2, immediately following Section 17, insert the following as Section 17 (a):

REGULATION 2.

Sec. 17 (a). In the inspection and grading of lots, parcels, and cargoes of grain loaded aboard boats, barges, and other vessels, licensed inspectors shall be governed by the following requirements:

1. If such a lot, parcel, or cargo tendered for inspection and grading be uniform in quality and condition the grade shall be based upon an average sample thereof.

2. If such lot, parcel, or cargo so tendered is not uniform in quality and condition by reason of the presence therein of a material portion of grain of a different grade the licensed inspector shall consider the portions of such lot, parcel, or cargo which are different grades as separate lots tendered for inspection, and shall separately inspect, grade and certify as to grade such different portions; and each such certificate of grade shall bear a statement to the effect that the grain to which it applies has been loaded on board with other grain, the grade, description, and approximate quantity of which shall be specified.

In testimony whereof I have hereunto
set my hand and the official seal of
the Department of Agriculture, in the
City of Washington this 12 day of
May, 1923.

Henry C. Wallace
Secretary of Agriculture.
